TEST SCORES AND CREDITS

Test scores will be mailed by the Board as soon as they are received, verified, and processed. Candidates should not call the Board office inquiring about their grades unless three months have elapsed from the date of taking the examination. The passing grade for each section is 75.

Candidates will be allowed to take each section of the examination individually and in any sequence and will earn credit for each section passed. The term “conditional credit” will no longer be used.

Candidates will retain credit for any section passed under the computer-based test (CBT) for eighteen months without having to attain a minimum score on failed sections and regardless of whether they have taken other sections. However, candidates will not be permitted to retake a failed section within the same examination window.

Candidates must pass all four sections of the examination within the rolling eighteen-month period that begins on the date a passed section was taken. In the event the other three sections are not passed within the rolling eighteen-month period, credit for the passed section will be lost and that section must be retaken.

Candidates who have earned conditional credits on the paper-based examination will be given credit for the corresponding sections of the CBT as shown in the following chart:

Paper-and-Pencil Examination	Computer-Based Examination
Auditing	Auditing and Attestation
Financial Accounting and Reporting (FARE)	Financial Accounting and Reporting
Accounting and Reporting (ARE)	Regulation
Business Law and Professional Responsibilities (LPR)	Business Environment and Concepts

Candidates who have conditioned status under the paper-and-pencil examination will be allowed a transition period to complete any remaining sections of the examination. The transition period is that

period of time or maximum number of opportunities (whichever is first exhausted) that candidates have remaining to complete all sections not yet passed.

(1) Prior to the implementation of a computer-based examination, the examinations for Certified Public Accountant's certificates will be given semiannually, at a place or places designated by the Board.

(2) Upon the implementation of a computer-based examination, eligible candidates shall be notified of the time and place of the examination or shall independently contact the Board or a test center operator identified by the Board to schedule the time and place for the examination at an approved test site. Scheduling reexaminations must be made in accordance with Rule 30-X-4-.04 below.

(3) The examination required by Section 34-1-4 of the Code of Ala. 1975, shall test the knowledge and skills required for performance as an entry-level Certified Public Accountant. The examination shall include the subject areas of accounting and auditing, and any other related subjects the Board deems necessary, including, but not limited to, business law and taxation and related knowledge and skills as the Board may require.

(4) Candidates are required to complete their answers to the examination questions within the prescribed hours. Prior to the implementation of a computer-based examination, the answers must be submitted on paper furnished by the Board. Candidates may use pencil or ink. The writing must be legible; the Board will not be responsible for the misconstruing of any writing which may be difficult to decipher.

(5) No adding machines, calculators, slide rules, calculating devices, or other electronic data storage devices may be used in the examination; provided, however, that calculators supplied by the Board may be used in the manner announced at the examination.

(6) A candidate who has taken the examination at least one time in Alabama and who is not suspended may take the examination while in military service, as an Alabama candidate. An approved applicant who is in military service and who has not previously taken the examination may return to Alabama and sit for the examination.

(7) Prior to the implementation of a computer-based examination, if an Alabama candidate who has been approved by the Board to take the examination is transferred to another state prior to the first examination following his approval, he may take the examination out of state as an Alabama candidate provided the other state will permit this. If the board of the state of which the candidate is a new resident is not in a position to proctor this candidate, he may return to Alabama and take the examination. This is a convenience for our candidates who have moved out of the State and do not qualify under the other board to take the examination because of residency requirements. This is until such time as the candidate meets the residency requirements of the other state.

(8) In examining candidates for the CPA certificate the Board will use the Uniform Certified Public Accountant Examination prepared by the American Institute of Certified Public Accountants, and will also make use of the Advisory Grading Service provided by the American Institute of CPAs.

(9) Candidates who have successfully passed the Uniform Certified Public Accountant Examination will be required to complete the American Institute of Certified Public Accountant's continuing professional educational course "Professional Ethics: The AICPA's Comprehensive Course." The examination requirements for the CPA certificate will not be met until a passing grade for the ethics course has been certified to the Board by the AICPA; provided, however, that this section shall not apply to candidates who pass the Business Law and Professional Responsibility part of the examination on or after January 1, 1994, or the Regulation part of the examination on or after January 1, 2004.

30-X-4-.04 Passing Grade, Conditioned Subjects, Reexamination, Reapplication.

- (1) The passing grade for each subject is 75.
- (2) A candidate who passes two or more of the four parts of the examination and who makes a grade of at least 50 on each of the other parts need not be reexamined in those parts he passed, and will be conditioned on the remaining parts, in which he will be reexamined upon application as provided in Rule 30-X-4-.03. A conditioned candidate will remain conditioned for a period of four consecutive examinations after the examination in which he became conditioned. Upon improving his status by passing additional part or parts, the period of four additional examinations will start over.
- (3) An applicant who does not become conditioned within two years and one month after the examination held next after filing of his application for examination shall revert to first-time candidate status and must reapply for the examination. If a conditioned candidate fails to receive credit for the remaining part or parts during the examination for which he is permitted to sit following his attaining conditioned candidate status, the prior credits granted on parts passed shall lapse and he shall revert to first-time candidate status and must reapply for the examination.
- (4) An applicant sitting for the entire examination will be automatically suspended unless he has an average grade of 50 or more or at least one grade over 60. A suspended candidate must wait one year before applying for reexamination (must skip one examination).
- (5) Each time a candidate sits for the examination he must take the examination for all parts for which he has not received credit.
- (6) Upon implementation of a computer-based examination, a candidate may take the required test sections individually and in any order. Credit for any test section(s) passed shall be valid for eighteen months from the actual date the candidate took that test section, without having to attain a minimum score on any failed test section(s) and without regard to whether the candidate has taken other test sections.
 - (a) Candidates must pass all four test sections of the Uniform CPA Examination within a rolling eighteen-month period, which begins on the date that the first test section(s) passed is taken. However, during and for the initial year of implementation only the Board may at a regularly scheduled Board meeting set the rolling

period to be longer than eighteen months to facilitate fair implementation of this provision.

(b) Candidates cannot retake a failed test section(s) in the same examination window. An examination window refers to a three-month period in which candidates have an opportunity to take the CPA examination (comprised of two months in which the examination is available to be taken and one month in which the examination will not be offered while routine maintenance is performed and the item bank is refreshed). Thus, candidates will be able to test two out of the three months within an examination window.

(c) In the event all four test sections of the Uniform CPA Examination are not passed within the rolling eighteen-month period, credit for any test section(s) passed outside the eighteen-month period will expire and that test section(s) must be retaken.

(7) Candidates having earned conditional credits on the paper-and-pencil examination, as of the launch date of the computer-based Uniform CPA Examination, will retain conditional credits for the corresponding test sections of the computer-based CPA examination as follows:

Paper-and-Pencil Examination	Computer-Based Examination
Auditing	Auditing and Attestation
Financial Accounting and Reporting (FARE)	Financial Accounting and Reporting
Accounting and Reporting (ARE)	Regulation
Business Law and Professional Responsibilities (LPR)	Business Environment and Concepts

(a) Candidates who have attained conditional status as of the launch date of the computer-based Uniform CPA Examination will be allowed a transition period to complete any remaining test sections of the CPA examination. The transition is the maximum number of opportunities that candidates who have conditioned under the paper-and-pencil examination have remaining at the launch of the computer-based CPA examination to complete all remaining test sections or the number of remaining opportunities under the paper-and-pencil examination multiplied by six months, whichever is first exhausted.

(b) If a previously conditioned candidate does not pass all remaining test sections during the transition period, conditional credits earned under the paper-and-pencil examination will expire and the candidate will lose credit for the test section earned under the paper-and-pencil examination. However, any test section(s) passed during the transition period is subject to the conditioning provisions of the computer-based examination as indicated in the aforementioned conditioning recommendation, except that a previously conditioned candidate will not lose conditional credit for a test section of the computer-based examination that is passed during the transition period, even though more than eighteen months may have elapsed from

the date the test section is passed until the end of the transition period.

(8) A candidate shall retain credit for any and all test sections of an examination passed in another state if such credit would have been given, under then applicable requirements, if the candidate had taken the examination in this state.

(9) The Board may in particular cases extend the term of conditional credit validity notwithstanding the requirements of paragraphs (6), (7), and (8), upon showing that the credit was lost by reason of circumstances beyond the candidate's control.

(10) A candidate shall be deemed to have passed the Uniform CPA Examination once a candidate holds at the same time valid credit for passing each of the four test sections of the examination. For purposes of this section, credit for passing a test section of the computer-based examination is valid from the actual date of the testing event for that test section, regardless of the date the candidate actually receives notice of the passing grade.

30-X-4-.05 Transfer Of Credits.

(1) A person who has passed parts of the Uniform Certified Public Accountant Examination under the jurisdiction of another state may be given conditional credit by this Board for successfully passing those parts in accordance with Rule 30-X-4-.04 and take the remaining parts of the examination as a conditioned candidate in Alabama, provided:

(a) The passing grades of the examination parts were determined by the Advisory Grading Service of the Board of Examiners of the American Institute of Certified Public Accountants, or an equivalent professional grading service acceptable to the Board;

(b) The candidate meets the educational, citizenship, and experience requirements of the Alabama regulations; and

(c) At the time of applying to transfer the credit earned in another state the applicant is still eligible to be reexamined in that state except for reason of change of residence.

(2) No transfer of credits in subjects passed in another state shall be approved unless the Board finds and determines that the examination in the other state was equivalent to the examination given

in Alabama. The applicant's grade or grades on subjects passed in the other state shall be determined and approved by the Board before transfer is approved. A candidate who applies for a transfer of any credits from another state shall file an application acceptable to the Board and pay the required fee.

30-X-4-.08 **Cheating.**

(1) Cheating by a candidate in applying for, taking or subsequent to the examination will be deemed to invalidate any grade otherwise earned by a candidate on any test section of the examination and may warrant summary expulsion from the test site and disqualification from taking the examination for a specified period of time.

(2) For purposes of this Rule, the following actions or attempted activities, among others, may be considered cheating:

(a) Falsifying or misrepresenting educational credentials or other information required for admission to the examination;

(b) Communication by any means between candidates inside or outside the test site or copying another candidate's answers while the examination is in process;

(c) Communication by any means with others inside or outside the test site while the examination is in progress;

(d) Substitution of another person to sit in the test site in the stead of a candidate;

(e) Reference to crib sheets, textbooks, or other material or electronic media, other than that provided to the candidate as part of the examination, inside or outside the test site while the examination is in progress;

(f) Violating the nondisclosure prohibitions of the examination or aiding or abetting another in doing so;

(g) Retaking or attempting to retake a test section by an individual holding a valid certificate or by a candidate who has unexpired credit for having already passed the same test section, unless the individual has been directed to retake a test section pursuant to Board order or unless the individual has been expressly authorized by the Board to participate in a "secret shopper" program.

(3) In any case where it appears that cheating has occurred or is occurring, the Board or its representatives may either summarily expel the candidate involved from the examination or move the candidate to a position in the test center away from other examinees where the candidate can be watched more closely.

(4) In any case where the Board believes that it has evidence that a candidate has cheated on the examination, including those cases where the candidate has been expelled from the examination, the Board shall conduct an investigation and may conduct a hearing consistent with the requirements of the state's Administrative Procedures Act following the examination session for the purpose of determining whether or not there was cheating, and if so what remedy should be applied. In such proceedings, the Board shall decide:

(a) Whether the candidate shall be given credit for any portion of the examination completed in that session; and

(b) Whether the candidate shall be barred from taking the examination and if so, for what period of time.

(5) In any case where the Board or its representative permits a candidate to continue taking the examination, it may, depending upon the circumstances:

(a) Admonish the candidate;

(b) Seat the candidate in a segregated location for the rest of the examination;

(c) Keep a record of the candidate's seat location and identifying information and the names and identifying information of the candidates in close proximity of the candidate; and/or

(d) Prior to the introduction of a computer-based examination, notify the AICPA of the circumstances, furnishing the candidate's identification number, so that after the initial grading is completed, the candidate's papers can be compared for unusual similarities with papers of others who may have been involved.

(e) Upon introduction of a computer-based examination, notify the National Candidate Database and AICPA and/or the test center of the circumstances, so that the candidate may be more closely monitored in future examination sessions.

(6) In any case in which a candidate is refused credit for any test section of an examination taken, disqualified from taking any test section, or barred from taking the examination in the future, the Board may provide to the board of accountancy of any other state to which the candidate may apply for the examination information as to the Board's findings and actions taken.
